Re: PDC No. 1 Landfill Expansion

Dear Peoria County Board Members:

Please accept this letter to urge approval of the Siting Application by Peoria Disposal Company (PDC) to expand its existing hazardous waste landfill, also known as PDC No. 1 Landfill in Peoria County, Illinois. We understand the PDC No. 1 Landfill is scheduled to reach capacity in early 2009. The proposed expansion will allow PDC to continue to operate for another 15 years.

We have served PDC as a supplier over the past several years. It is crucial for the PDC siting application to be approved so we can continue this relationship well into the future. The economic impact to our organization may be substantial if we cannot count on PDC's business due to the closure of the PDC No. 1 Landfill. The impact on the State and local economy may be critical should PDC not receive approval for the expansion.

PDC is well known and highly regarded for its conservative waste acceptance practices, its overall landfill management philosophy, stellar compliance record, and financial integrity. We strongly support your approval of the PDC Siting Application.

Sincerely,

Peoria Park District

Bonnie Noble
